STRENGTH

Collaborative

Always keen to share my knowledge, help, discuss, teach and learn from others. Able to collaborate with cross-functional teams to create a high-quality end product.

Result-oriented

Many confuse progress with moving in the right direction. I always make sure to check if the team is on the right path.

Project management and prioritization

Before starting a new project, I always set time aside to have the entire team go through the tasks, prioritize them and assign a due date to make sure deadlines are promptly met.
